TERMS AND CONDITIONS

United Parcel Service in its own territory and jointly through interchange with its affiliates ("UPS") is engaged in the international transportation of small packages in UPS Worldwide Express Service. Each package shall be considered a separate and distinct shipment.

Commodities Handled and Restrictions upon Service

UPS offers transportation of general commodities, as usually defined, subject to the following restrictions:

- No service shall be rendered in the transportation of, and shippers are prohibited from shipping, Articles of Unusual Value (as defined in the UPS Tariff/Terms and Conditions of Service). Packages having a value of more than \$500.00 (U.S.) - \$500 (U.S.) for packages containing jewelry (not including costume jewelry) or packages shipped via a UPS Drop Box - are prohibited from being shipped and will not be accepted for transportation.

The maximum value or declared value per package is \$500.00 (U.S.) except for international packages containing jewelry (not including costume jewelry) or packages shipped via a UPS Drop Box, in which case the maximum value or declared value per package is \$500 (U.S.). UPS's maximum liability per package shall not exceed \$50,000 (U.S.) except for international packages containing jewelry (not including costume jewelry) or packages shipped via a UPS Drop Box, in which case UPS's maximum liability shall not exceed \$500 (U.S.) per package, regardless of the value in excess of the maximum.

- Refer to the applicable UPS Rate and Service Guide for weight and size restrictions.

- No service shall be rendered in the transportation of any of the prohibited articles listed in the applicable UPS Tariff/Terms and Conditions of Service or UPS Rate and Service Guide.

- UPS does not provide a protective service for the transportation of perishable commodities or of commodities requiring protection from heat or cold. Such commodities will be accepted for transportation solely at the shipper's risk for any damage arising from the perishable nature of the items.

Prohibited by Law

No service shall be rendered by UPS in the transportation of any shipment which is prohibited by law or regulation of any federal, state, provincial, or local government in the origin or destination countries.

Right of Inspection

UPS reserves the right in its sole discretion to open and inspect any package tendered to it, but is not required to do so.

Refusal of Service

UPS reserves the right to refuse to provide service, among other reasons, for any package which by reason of the dangerous or other character of its contents may be in the sole judgment of UPS, post, tariff, or otherwise damage other packages or UPS's equipment, or which is improperly or insecurely packed or wrapped.

Packages must be so packed or wrapped as to meet UPS's published standards related thereto set forth in the UPS Tariff/Terms and Conditions, at UPS.com, and as to pass the tests set forth in the International Safe Transit Association Procedure 3-A. Any tested product must be free from damage and the packaging must meet the inspection as determined by UPS in its sole judgment.

In addition, UPS reserves the right to refuse to provide service for any package, or to or from any location, or to provide alternative service arrangements, when, among other reasons, UPS, in its sole judgment, deems that it is unsafe or economically or operationally impracticable to provide service.

Services Not Provided

C.O.D., Call Tag, and Delivery Confirmation services are not provided for international shipments.

Provisions for Customs Clearance

The shipper must provide all required documentation for customs clearance. By providing required documentation for customs clearance, the shipper certifies that all statements and information related to exportation and importation are complete, true and correct. Furthermore, the shipper understands that civil and criminal penalties, including forfeiture and sale may be imposed for failing to provide all required documentation, statements, and information, for making inaccurate, false or fraudulent statements or for the violation of U.S. laws on importation and exportation (see U.S. Customs & Border Protection (CBP) Regulations, 19 U.S.C. § 545, 554 and 1001, 19 U.S.C. § 1595a and 1592, 22 U.S.C. § 401, and Subchapter C of 15 C.F.R. (The Export Administration Regulations)).

When a shipment is tendered to the carrier, the carrier is thereby appointed as the agent for performance of customs clearance, to the extent allowed by law. The carrier is specifically authorized for the purpose of designating a customs broker to perform customs clearance. Local authorities may require documentation confirming that the carrier has been designated as the principal consignee.

Fines, penalties, liquidated damages, storage charges, or other expenses incurred as a result of action by U.S. Customs and Border Protection (or any other U.S. or foreign government agency regulating imports or exports) or failure by the shipper or consignee to provide all required documentation, statements, and information (including the failure to obtain a required license or permit) will be charged to the consignee along with any applicable duty and tax. However, the shipper is liable for all charges in the event of non-payment by the consignee. The shipper agrees to indemnify, defend, and hold harmless UPS, its parent corporation, and affiliated companies, their officers, directors, employees, agents, and their successors and assigns, from any and all claims or liability, including, but not limited to, duties, fines, penalties, liquidated damages or other money due, arising from the transportation, importation, exportation or clearance of shipments on behalf of the shipper, or arising from the shipper's non-compliance with government laws or regulations applicable to the shipment, or other requirements applicable to the shipment. The carrier provides brokerage service through UPS Supply Chain Solutions SM brokerage offices designated by UPS for handling small package routine customs clearance of Express and Expedited shipments at no additional charge. Additional charges may apply for customs clearance procedures which include, but are not limited to, the following:

Clearance procedures involving a government agency other than U.S. Customs and Border Protection

Customs Bonds

Drawbacks

Formal entries involving more than five tariff lines

Live Entries

Country of Origin Marking

Temporary Importation (ITLB)

UPS is under no obligation, unless the carrier's request is written and UPS agrees in writing, to undertake any pre- or post- importation action, including, but not limited to, obtaining binding rules, advising of liquidation, filing protests or filing petitions for relief.

If a Shipper's Export Declaration (S.E.D.) is required and an Automated Export System (AES) transaction number is not recorded on the export documents provided by the shipper evidencing such filing, UPS will electronically file the required export information on behalf of the shipper provided all required information is supplied on the UPS Waybill or other export documentation, and UPS receives proper authorization to facilitate export. A processing fee, set forth in the UPS Rates applicable to such shipments and in effect at the time of shipping, will be charged to the shipper.

The shipper agrees and consents that UPS may preserve a record of carriage for an international shipment using means other than producing a copy of the Shipping Document.

Correction of Address

If UPS is unable to deliver a package as addressed by the shipper, or if the package has an incorrect or incomplete address (examples include, but are not limited to, no address, missing name or apartment number, no address, or missing incorrect postal code), UPS will make reasonable efforts to determine the correct address, and may attempt to deliver the package. If the shipper does not respond to UPS's efforts, UPS will make reasonable efforts to be determined in its sole discretion, to secure the correct or complete address. An address validated by UPS may be incorrect or incomplete for purposes of completing delivery, and may be corrected by UPS. If the correct or complete address is secured and found to be in the same destination country, UPS will attempt to deliver the package. If the correct or complete address is secured and found to be in a different destination country, UPS will attempt to deliver the package. An additional charge will be assessed for an address correction.

Postal Code and Telephone Number

The consignee's postal code, telephone number, and contact name are essential information. To ensure prompt delivery, always include postal code, telephone number, and contact name on the UPS Air Shipping Document.

Shipper Release

For domestic shipments, a shipper may request that UPS release a package in the first delivery attempt. Shipper Release will be provided by UPS subject to the terms and conditions of the effective UPS Rate and Service Guide in effect at the time of shipping. When Shipper Release is selected, the shipper acknowledges and agrees that UPS will make only one delivery attempt, that a signature will not be obtained upon delivery, and that a UPS delivery record showing a complete Shipper Release delivery shall be conclusive proof that delivery was made. Shipper Release is not available for packages with a shipper's risk of loss or damage arising from the release of the packages by UPS, and UPS will not be liable for claims or third parties for any damages arising from the release of the package. Shipper Release service is not available for packages with a value of more than \$999.00 (U.S.).

Interruption of Service

UPS shall not be liable for any interruption of service due to causes beyond UPS's control, including, but not limited to, the following: the unavailability or refusal of a person authorized to accept delivery of the shipment; the unavailability of a public authority having jurisdiction over the shipment; or the actions of customs or similar authorities, insufficient information provided by a customer, hazardous materials packages improperly offered for transport, the application of security regulations imposed by the government or other authority applicable to the shipment, a government agency holds, riots, strikes or other labor disputes, civil unrest, disruptions of any kind in air or ground transportation networks, and natural disasters.

Special Handling of Undeliverable Packages

Domestic packages refused by consignees, or which for any other reason cannot be delivered, will be returned to the shipper at the shipper's expense. A package returned to the shipper after delivery is subject to applicable charges. UPS will not be liable for any claim for loss or damage to a package refused by the shipper on return.

International shipments refused by consignees, or which for any other reason cannot be delivered, will be held and UPS will attempt to contact the shipper for instructions. The shipper will be responsible for payment of all other charges, including, but not limited to, forwarding, disposal, or return transportation charges, as well as any duty and tax, if applicable.

Rates

The effective rates are the UPS Rates published in the effective UPS Rate and Service Guide for the service selected by the shipper, which apply to the shipper and the package and are subject to the following: additional charges or rates for non-standard service, additional surcharges, additional standard charges, and any other additional charges referenced in the UPS Tariff/Terms and Conditions of Service, or the effective UPS Rate and Service Guide. No applicable additional rates set out in any customized contracts. To determine the amount of any charge for UPS service, consult the effective UPS Rates, available at UPS.com and call 1-800-UPS (1-800-742-5874).

Additional Handling Charges

Additional Handling Charge in the effective UPS Rates applicable to the shipper and the package and in effect at the time of shipping will be assessed for the transportation of the following: any article that is encased in an outside shipping container made of metal or wood; any cylindrical item, such as a barrel drum, pot, or tire, that is not fully encased in a corrugated cardboard shipping container; and any package with a length plus girth exceeding 60 inches or its second longest side exceeding 30 inches. An Additional Handling Charge will not be assessed to packages meeting all of the above. Surcharges: UPS reserves the right to assess the Additional Handling Charge for any package that, in UPS's sole discretion, requires special handling. Additional Handling Charges do not apply to international shipments.

Large Packages are subject to a minimum billable weight of 90 pounds (40 kgs). An Additional Handling Charge will not be assessed when a Large Package Surcharge is applied.

Payment to Service

The shipper is responsible for all applicable charges. UPS reserves the right to bill for charges based on the characteristics of and services requested for each shipment. The shipper agrees to indemnify and hold harmless UPS from and against all claims or damages, including, but not limited to, damages, charges, and to make any appropriate adjustments. A late payment fee is set forth in the UPS Tariff/Terms and Conditions of Service will be assessed if the shipper's payment is not received by UPS within fourteen (14) days of the invoice due date.

If a shipment is not delivered on the guaranteed date, UPS will provide a service credit. Responsibility for Loss or Damage

UPS's liability for loss or damage to each domestic package or international shipment is limited to a value of \$100. Unless a greater value is declared, the declared value field is appropriate for the UPS shipping system used, the shipper agrees that the declared value of each domestic package, and each international shipment, is no greater than \$100, which is not recoverable under the circumstances surrounding the transportation, and that UPS will not be liable for more than \$100 per each domestic package or international shipment. To increase UPS's limit of liability for loss or damage above \$100, the shipper must declare a value in excess of \$100 for each package and pay an additional charge. The declared value is not in any event more than \$500.00 per package, or \$500 for packages containing jewelry (not including costume jewelry) shipped via UPS international service or packages via a UPS Drop Box. UPS does not offer shippers' cargo insurance. Shippers desiring cargo insurance or all risk insurance should purchase such insurance from third parties. Liability for loss or damage is governed by these Terms and Conditions, which are incorporated herein by reference. Claims for loss or damage to the shipper's property must be filed with UPS. For domestic packages, claims not made within nine (9) months after delivery or payment, or in the case of non-delivery, within nine (9) months after a reasonable time for delivery has elapsed, shall be deemed waived. For international packages, claims not made within sixty (60) days after delivery or payment, or in the case of non-delivery, within sixty (60) days after a reasonable time for delivery has elapsed, shall be deemed waived.
